

3M has a Great Online Training Website that allows you to get a bunch of Training on Collision Industry Topics. Register to use the site, and their 22 of 28 videos are free to watch! [Click HERE](#) for the 3M Homepage for Registration and Training.

The remaining 6 videos are nominally priced, primarily because they are co-sponsored by I-Car, the Inter-Industry Conference on Auto Collision Repair, is an international not-for-profit organization dedicated to providing the information, knowledge and skills required to perform complete, safe and quality repairs. They can be found on the same training page as the above videos. For more information on I-Car, including their training, [Click HERE!](#)
